An Old, Family Cough Remedy, Home-Made

Easily Prepared—Costs Very
Little, but is Prompt, Sure
and Effective

By making this pint of old-time cough
syrup at home you not only save about
82 cents compared with the ready-made
kind, but you will also have a much more
prompt and positive remedy in every way.
It overcomes the usual coughs, throat and
chest colds in 24 hours—relieves even
whooping cough quickly—and is excellent,
too, for bronchitis, bronchial asthma,
hoarseness and spasmodic croup.
Get from any drug store 2 1/2 ounces of
Pinex (50 cents worth), pour it into a
pint bottle and fill the bottle with plain
granulated sugar syrup. Full directions
with Pinex. Keeps perfectly and tastes
good.

You can feel this take hold of a cough
or cold in a day that means business. It
quickly loosens the dry, hoarse or pain-
ful cough and heals the inflamed mem-
branes. It also has a remarkable effect
in overcoming the persistent loose cough
by stopping the formation of phlegm in
the throat and bronchial tubes.
The effect of Pinex on the membranes is
known by almost every one. Pinex is the
most valuable concentrated compound of
genuine Norway pine extract, combined
with guaiaac and other natural healing
pine elements.

There are many worthless imitations
of this famous mixture. To avoid dis-
appointment, ask your druggist for "2 1/2
ounces of Pinex," and do not accept any-
thing else.
A guarantee of absolute satisfaction,
or money promptly refunded, goes with
this preparation. The Pinex Co., Ft.
Wayne, Ind.

To Unveil Tablet.

One of the interesting and impres-
sive ceremonies in connection with
the meeting of the Daughters of the
American Revolution at Morgantown
in November, will be the unveiling of
a memorial tablet of bronze, made
of metal taken from the battleship
Maine, sunk in the Havana harbor.
The tablet is placed temporarily in
the high school building, to the mem-
ory of the sailors who perished with
the battleship. Dr. J. M. Callahan
will deliver the address.

The tablet was supplied by the
United States government on the ap-
plication of Mrs. W. H. South, chair-
man of the memorial committee of
the Elizabeth Ludington Hagans
chapter, Daughters American Re-
volution to Senator William E. Chil-
ton.

To Elect Officers.

The Woman's Home Missionary
Society of St. Mark's Lutheran
church will meet in the parsonage at
7:30 o'clock Tuesday evening. All
members are urged to attend as the
annual election of officers will be
held, and the delegates to the mis-
sionary convention at Oakland, Md.,
will make their report.

Merriment and Revelry.

All the withered and wizened-faced
witches of Hallowe'en announce that
under the auspices of the Ladies' Aid
Society of the Methodist Episcopal
church at Stealey Heights they will
hold a carnival at St. John's tabernacle
Saturday at the witching hour of night.
The witchcraft of a smile admits the
public to this weird festival. "Witch-
hazel," a woman famed for sorcery
and witcheries, riding through the air
on a broomstick to her native tower,
the witch-tree, will be in communion
with evil spirits and black cats. Under
her entrancing influence the evil spir-
its will promenade, and the black cats
will cat-call. She is skilled in the
arts of palm-reading and catoprom-
ancy, and the price of the whole of it
is only ten cents.

Witches broth, seasoned with cat-
sal, catnip and witch-hazel, and
sipped by the light of Cupid's jack-
o'-lanterns is said to fortify against
catastrophe and to bring about a
happy denouement of one's love affair.
Witches broomsticks will be pro-
vided for the men who may desire,
then and there, to emulate a worthy
example. A prize will be given to the
couple that jumps first and highest.
Mother's bring the babies! They
will be as "welcome as the flowers in
May," and cat's-paws will swing the
cat's-cradles and give catnip tea to
the restless ones.
The city's favorite reader will give
two selections and will be followed
by two promising amateur readers.
Catalogue of witching refreshments:
Pumpkin pie, doughnuts, gingerbread,
apples and buttermilk. The young folk
are invited to masquerade.

Visits in Washington.

Miss Mary L. Shuttleworth, of
Morgantown, who is well known in
Clarksburg social circles, is visiting
Miss Helen Tate, daughter of Mrs.
J. E. Tate, in Washington, D. C.
Miss Shuttleworth has been visiting
the National Cathedral School, or
that city, where she was formerly a
student, and has been attending many
of the festivities in Washington soci-
ety circles. She will go to New York
City the first of November, then
return to Washington for awhile, af-
ter which she will visit at Cumber-
land, Md., and return to her home.

First Sewing Lesson.

The first of a series of ten lessons
on sewing to be given by Miss Edith
Heavener to the girls of the Young
Woman's Christian Association and
other girls of the city will be given at
7:30 o'clock Tuesday evening at the
Young Woman's Christian Associa-
tion headquarters on West Main
street. All attending are requested
to bring scissors, needles, a thimble
and material for a night gown.

COFFEE CLAIMS ITS VICTIMS BY HUNDREDS

Prominent Nerve Specialist Says Coffee
Drinking Has Produced a New
Disease—Chronic Caffeinism.

"There is a distinct type of cases,"
says Dr. Wm. M. Learynsky, consult-
ing neurologist to the Manhattan Eye
and Ear Hospital, "frequent among
the poorer class of people, but by no
means confined to them, of functional
nervous disorder (caused by coffee
drinking), to which the elastic term
'neurasthenia' or 'chronic caffeinism'
in its broadest significance may be
applied."

"In cases of neurasthenia, inquire
into coffee drinking," adds Dr. Otto
Juttner.

"I have seen hundreds of victims
of this disease," continues Dr. Learynsky,
"among commercial travelers,
brokers, merchants, actors, writers
and men connected with the news
department of the daily papers."

"They usually complain of the fol-
lowing symptoms, which are more or
less pronounced: General headache
and nervousness, apprehension in re-
gard to some unknown impending
trouble, mental depression and irrita-
bility, insomnia, or restless sleep,
bad dreams and sudden starting in
sleep, awakening in profuse perspira-
tion, general tremulousness and dim-
inished muscular power, cardiac pal-
pitations, loss of appetite, and con-
stipation."

NOTE.—It is a fact worthy of note
that the American food-drink—Instant
Postum—has come widely into popu-
lar use harmfulness of coffee. Postum
has a flavor resembling Old Java,
but is entirely free from caffeine or
any other harmful ingredient. Ad-

GRAND JURY

Work at November Term of the
Criminal Court of the Coun-
ty Will Be Heavy.

Prosecuting Attorney A. J. Find-
ley's office is quite busy preparing
for the special and regular grand
juries of the criminal court. More
than 20 cases are to be investigated
ranging from murder down. Many
of them pertain to alleged violations
of the state prohibition law.
More than 600 summonses have
been issued and the sheriff and his
deputies are busy serving them. The
special grand jury will convene next
Tuesday morning. The list of jurors
will be called at 10 o'clock and the
grand jury formed. Judge James W.
Robinson will then instruct it, after
which will begin its work and con-

AMONG BEST

Jane Lew High School is Pro-
nounced by State Super-
visor of High Schools.

The high school at Jane Lew in
Lewis county, is one of the best
equipped small high schools in the
state, and it is expected to present
claims entitling it to be listed this
year as a first class high school, ac-
cording to L. L. Friend, state super-
visor of high schools, who has just
made a visit to the school.

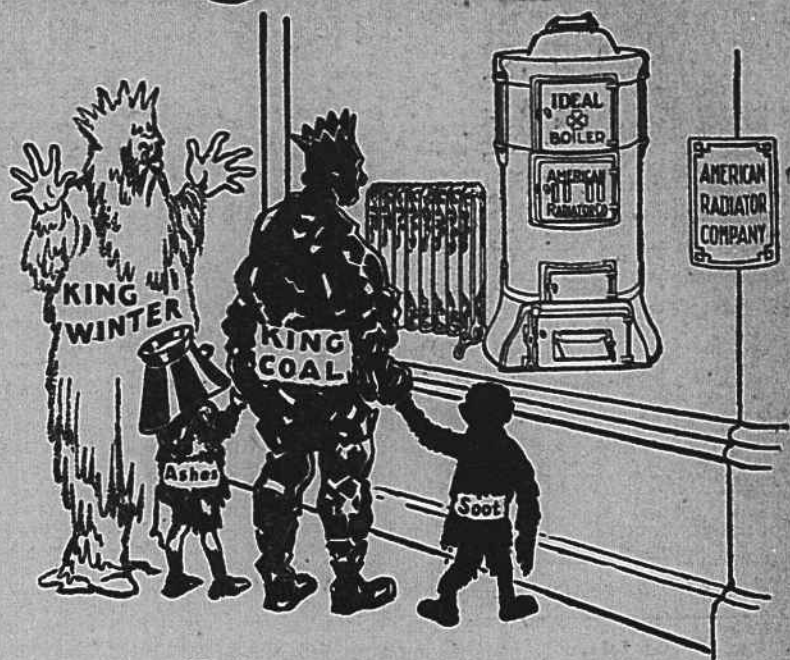

Mr. Friend also visited the Buck-
hannon high school, where new
equipment for a department of do-
mestic science and art has just been
installed at a cost of \$1,500.
This school, which had an enroll-
ment of only eighty four years ago,
now has 232 pupils.

INTEREST INCREASES.

Interest in the meetings at the col-
ored Trinity Methodist Episcopal
church is still on the increase. Dr.
Withrow delivered a very impressive
sermon last evening to a fair sized
audience. There was one conversion
and others held up their hands for
prayer. The pastor invites every per-
son to the service at 7:30 o'clock this
evening so that the church may be
filled to its fullest capacity.

Ideal heating bars out the tyrants of cold!

AMERICAN & IDEAL RADIATORS & BOILERS

Don't put it off another winter but join at once the
great army of housekeepers that we have freed
forever from the old tyrants of drafty, uneven
heating, the endless dirt and drudgery of old-
fashioned heating. No rekindling the fire all
season. Automatically controlled to offset any
weather. No more fuel burned than needed to exactly heat rooms to the desired temperature—
no fuel waste. In the burning of coal certain rich, volatile gases will yield a great
volume of heat if not allowed to pass off unconsumed because of lack of mixing
with the proper amount of air.

The fire surfaces and flues in IDEAL Boilers are so arranged that they bring in the exact amount
of air required for completely burning these rich heating gases as fast
as freed from the coal—and smokelessly. There can be no
"undigested" coal. Every known improvement and many exclusive
features make IDEAL Boilers and AMERICAN Radiators the most
efficient and economical in the world, yet our enormous sales enables
us to put the price within reach of all—no more than asked for inferior
product. Accept no substitute. Best investment you ever made!

Whether you have the heating of a school, church, store, office, shop, public building, flat, farm
or city house or cottage, don't delay investigating this dividend-paying, permanent investment
of IDEAL Boilers and AMERICAN Radiators with their marked fuel savings, absence of repairs,
health and fire protection, cleanliness and great durability. Defeat the tyrants of old-fashioned
heating by asking, phoning or writing for free book: "Ideal Heating"—full of money-saving
heating facts you ought to know. Send NOW. Puts you under no obligation to buy.

in. AMERICAN Radiators, costing the owner

price the goods can be bought at any reputable
century Fitter. This did not include costs
of labor, pipe, valves, freight, etc., which vary
according to climatic and other conditions.

CARD MEETING

With Rumors of Changes in
Train Schedule is Held in
City of Wheeling.

A preliminary meeting of the Bal-
timore and Ohio officials for the
purpose of arranging the new winter
time card of the Baltimore and Ohio
has been held at Wheeling, which
was attended by a large number of
the officials of this district. Three of
the officials in attendance at this meeting
and officials from other sections
of the system will gather in Baltimore
early this week for the purpose of
working out the entire schedule, al-
though it is probable there will be
several meetings before it is com-
pleted, as generally there are changes
made up to the last minute before
the card becomes effective.

Queen or Dairy Maid Ambition the Same

In the expectant mother's mind there
is no limit to what the future has in store.

Mothers who have learned all this from
experience tell of the blessed relief from
morning sickness, the absence of strain and
the undoubted healthful influence imparted to
the coming baby.
One very important thing to remember
about "Mother's Friend" is that it can't exercise
any other influence than to simply lubricate
the parts, make them more firm to naturally
withstand the constantly increasing pressure.
And as the muscles continue to expand, the
nerves become accustomed to this new con-
dition and adjust themselves without undue
pain. "Mother's Friend" is entirely free of
any drug influence whatsoever and may be

GRAP SHOOTERS

Fined \$6.60 Each, While One
Draws Extra Fine for Con-
tempt of Court.

Fines of \$6.60 each were imposed
upon five negroes and one white man
in police court Monday morning for
shooting craps in Traders alley, while
an additional \$5 was added on to
the fine of one of the negroes for
contempt of court. The negro draw-
ing the contempt fine was James
Gray, who threatened one of the wit-
nesses with assault, while the latter
was testifying.

The others fined gave their names
as Edward Wilson, James Swan,
Sandy Taper and Thomas Grant, all
colored, and H. Cork, white.

The men were arrested in Traders
alley late Monday afternoon by Of-
ficers Shahan and Sims. A crap
game was in progress when the of-
ficers appeared on the scene accord-
ing to the testimony given at the
trial.

WOOLARD HURT

When His Motorcycle Runs
Into Pile of Stones on the
Bridgeport Road.

Herbert Woolard was seriously in-
jured late Monday afternoon while
out riding on his motorcycle. With
a companion he was riding in the vi-
cinity of Bridgeport, and in coming
down a steep hill he lost control of
his brakes and was unable to stop
the machine.

Mr. Woolard was thrown off and
hurled against a pile of stones with
painful results. He was rendered un-
conscious for a time. His arm was
terribly lacerated from the elbow to
the fingers and he was badly scratched
and bruised about the body. Al-
though his injuries are serious they
will not prove fatal.

Alexander Pope, the poet, was
four feet six inches high and was
unable to dress or undress himself.

Chronic Constipation.
"About two years ago when I began
using Chamberlain's Tablets I had
been suffering for some time with
stomach trouble and chronic constipa-
tion. My condition improved rapidly
through the use of these tablets. Since
taking four or five bottles of them my
health has been fine," writes Mrs. John
Newton, Irving, N. Y. Obtainable

SQUABBLE

Among Employees of American
Causes Issuance of a
Peace Warrant.

Resulting from difficulties between
C. O. Fluharty, editor, and Frank
Sheldon, an employee, of the Clarks-
burg American, the latter is under
bond of \$100 to appear at 2 o'clock
Wednesday afternoon before Magis-
trate R. Edward Kidd to be tried on
a peace warrant sworn out by W.
Everett Meyers, another employee of
the concern.

Meyers told the magistrate that
Sheldon threatened to do him bodily
harm as a result of which Meyers was
afraid to go to and from his work.
Differences between Sheldon and Fluh-
arty, it is reported, resulted in an
order from Fluharty to throw Shel-
don off the premises should he re-
turn to the plant. Sheldon came back,
a clash of some sort occurred be-
tween him and Meyers and the issu-
ance of the peace warrant followed.

SUFFRAGE TEA

Is to Be Given at Bridgeport
Wednesday for Equal Suf-
frage Campaign.

BRIDGEPORT, Oct. 26.—The pub-
lic is cordially invited to attend a
"suffrage tea" to be given at the
home of Mrs. A. P. Saurborne from
8 to 11 o'clock Wednesday evening.
A silver offering will be taken. This
will be given by the Simpson District
Equal Suffrage League in observ-
ance of "Suffrage Dollar Day" as
proclaimed by the state president.
As many will be glad to contribute
but do not feel like giving the dollar,
a silver offering has been substi-
tuted.
It is hoped that the many friends
of this great cause will patronize
this benefit. Those who cannot at-
tend may send their contributions to
the tea or to the district treasurer,
Mrs. Jesse G. Lawson.

The number of electric light com-
panies in the United States is esti-
mated at 5,000.

pathy extended during the sickness
